Al Madina A'Zarqa-Blue City, is a \$15 billion megacity project in the Sultanate of Oman. Spread over 32 square kilometers and 16 kilometers of coastline along the coastal region at Al Sawaadi, only 45 minutes from Muscat. When completed, the city will include more than 20 hotels, hospitals, university. It will also have shopping centers, marina, schools, and other amenities and facilities.

Our involvement in the project started at the mid 2009, under a contract with the construction company AECO LLC, into a joint venture of Greek design offices called OMAN 2009 JV. The specific part of the project we designed is the subsection 1.1.2- amphitheatre apartments, neighborhoods 1,7,8 and 11.

The project is actually on hold due to financing problems.
