OVAL Tower Limassol

Date	Budget (€)	Employer
2015-2016		
	Owner	Place
	Cybarco/Technomac hine	Limassol, Cyprus

Located opposite the Crown Plaza on the beachfront, Cybarco's Oval Tower has fairly been described as an iconic new landmark in the business world. Its distinctive shape has been inspired by the round pebbles on the Limassol shoreline and if realized will be the tallest office building in Cyprus. It has been designed by UK based architects Tom Wright, Hakim Khennouchi and Geku Kuruvilla George whilst working with the internationally famous, Atkins. The three of them have now founded their own office called WKK. The concrete structure is completed. Our firm has just finished the design of the facade of the tower.
