## ***Extention of Kimis Av. for N.R.1 to Olympic Village***

| **Date** | **Budget (€)** | **Employer** |
|---|---|---|
| 2001 | 3,000,000.00 | DOMI O.E. |
| | **Owner** | **Place** |
| | Ministry of Environment | Κηφισιά |

Structural roadworks for the connection road between Olympic Village 2004 and National Road 1.

We designed the overpasses of the crossing local roads Thivaidos, Monomatiou, Tatoiou, Menexedon and the overpass for the crossing of the High Speed Railway Line Athens-Thessaloniki. All the overpasses are constructed with cover and cut method. Especially the Train Overpass is post-stressed.

*Monomatiou Overpass*

*High Speed Railroad Overpass*

*Tatoiou Overpass*

*Tatoiou Overpass*

*Thivaidos Overpass*
